Proceed with Confidence

It was smart to have your home inspected by a professional Home Inspector who has thoroughly inspected your property and pointed out problem areas for you. Between the inspection and the Complete Protection (CP) 90-day service plan, you can move forward without worrying about an unexpected repair bill or a major appliance replacement.

Support

If you need a repair you may use a local technician of your choice or a local professional from our service referral network. CP is staffed 24 hours a day, 365 days a year for questions and claims.

1. DEFINITIONS

“Company” means Complete Appliance Protection, Inc., the administrator of the program. “You or Your” means the recipient of this Plan.

2. PROTECTION SUMMARY:

This Plan covers only those items specifically listed below and excludes all others. **Appliances:** Range (cooktop, oven), dishwasher. **Climate:** Central forced air conditioning, furnace/air handler, and thermostat. **Plumbing:** Water Heaters. **Foundation:** Poured concrete and block wall foundations. **Framework:** Floor joists, bottom and top plates and wall members. **Roof:** Roof.

Any part necessary for the normal operation of your **Appliance/Climate** that is contained within the sheet metal skin of that unit is protected by this plan. All coverage is limited to those items within the home’s foundation, unless specified otherwise. The Company is not an insurance company, but will reimburse You up to an aggregate maximum of \$2,000 for any deductibles paid toward homeowner’s insurance claims made on **Foundation, Framework or Roof**.

4. TERM OF PLAN:

This plan runs for a period of 90 days following the initial date of Your inspection, or 30 days after closing, whichever is later.

5. WHAT THE PLAN DOES NOT PROTECT:

A. Drainage: This Plan does not cover clogs or stoppages of any kind, nor does it cover well, septic tank systems or condensation drain lines on your air conditioner.

K. Cosmetic: Cosmetic repairs are not covered by this Plan.

L. Uneconomical: The Company may refuse to repair an item if in its sole discretion it believes it is uneconomical to repair, or if the item is not repairable. If the Company decides not to repair an item protected under this Plan, the Company will reimburse You toward the replacement and installation of that item with a new one based on the following schedule: \$150 for thermostat; \$250 for dishwasher, range, or water heater; \$350 for the inside coil of central air unit; \$500 for furnace/air handler or outdoor condensing unit, \$850 for a packaged HVAC system.

6. SERVICE RESPONSE TIME:

Weather conditions and workload will govern service response time. Overtime and holiday rates will not be paid, unless there is a risk of pipes freezing, only straight time.
